

Short Track Super Series Fueled By Sunoco Halmar International North Region Rules & Procedures

Welcome to the 2019 Short Track Super Series Fueled By Sunoco! The series has grown significantly since its initial announcement in December 2013 through the support of racers, fans, track promoters and marketing partners.

Our mission for this series is to provide a manageable schedule of races attainable to the weekly racer that also offer lucrative pay structures, not only for the winners but all drivers through the field. We believe we have done that with our North and South regional schedule for 2019.

Below, we outline our standard operating procedures for the 2019 Short Track Super Series Fueled By Sunoco Halmar International North Region season. Please read carefully and feel free to reach out to series organizer Brett Deyo at 845.728.2781 or bdmotorsportsmedia@gmail.com with specific questions.

ATTENDANCE: Again this year there will be one “drop” race in the Short Track Super Series North Region. Each driver’s best seven finishes (first eight events sorted by points accrued – *the event with the least points accrued will be dropped*) from the first eight events will be utilized to set the point standings entering the season finale ‘Hard Clay Finale’ at Orange County Fair Speedway. The first eight (8) events on the series operate on 100-point schedules. The series finale at Orange County Fair Speedway offers increased championship points, on a 150-point schedule. Point breakdowns are included at the end of this document. Point standings will be posted at www.shorttracksuperseries.com the day after each series event.

ATTENDANCE BONUS: Drivers with perfect attendance over the first eight (8) events will receive a **75-point bonus** entering the ‘Hard Clay Finale’ at Orange County Fair Speedway in October.

BACK-UP CAR: Any driver introducing a back-up car after the completion of qualifying (timed warm-ups, heat race or consolation) must start from the rear in their next event that night.

BODY RULES: Sail panels are permitted at ALL 2019 Short Track Super Series North Region events. Sail panels must be even and mirror each other in size and shape, side-for-side. Maximum height when measured from the ground is 65 inches. Sail panels must extend no further forward than the rear of the driver’s seat and no further back than the end of the quarter-panel. A roof spoiler/wickerbill, no taller than four inches, is permitted.

Door height will be measured with driver in car, immediately after the race. It will be measured 60 inches from the centerline of the rear axle. The left-side door 60 inches in front of the rear axle is maximum 41 inches from the ground. The right-side door 60 inches in front of the rear axle is maximum 40 inches from the ground. All other standard/DIRTcar body rules will be in effect. Anything deemed not within the spirit of the rules will need to be altered per the direction of series tech officials.

CONDUCT: Competitors, teams and fans of the Short Track Super Series are expected to act with respect toward each other and event officials at all times. Drivers and car owners are responsible for the actions

of their crews. Fighting and unsportsmanlike conduct will result in loss of points, disqualifications, fines or suspensions.

COMBINATION EVENT: The Tuesday, June 4 Short Track Super Series event at Big Diamond Speedway will offer points toward both the North Region and South Region.

CONTINGENCY AWARDS & BONUSES: All Short Track Super Series events include contingency awards, lap money and other bonuses. For your convenience, all “extras” are posted on www.shorttracksuperseries.com and will be broken up per-event and year-end. An effort will be made to distribute special awards on race night; if not, they will be mailed after each event.

DISQUALIFICATIONS: Drivers who are disqualified forfeit monies earned and points accrued for said Short Track Super Series event. Drivers who are disqualified will receive DNQ points for said event. In the event of a disqualification, all drivers behind the DQ car will be moved up a position and will be compensated as such with points and payout.

DECALS: To be eligible for payout and/or point fund monies, all cars **must** be outfitted with the following decals: Short Track Super Series, Sunoco Race Fuels and American Racer. Decals of any competing brands must be concealed during Short Track Super Series events. *See diagram below.*

ENGINES & WEIGHTS (NORTH REGION): Big- and small-block engine combinations are permitted to run on the Short Track Super Series. Chevrolet/GM, Ford or Chrysler/Dodge engines ONLY. Engines must be carbureted (no fuel injection). *Aluminum small-blocks are not permitted. Small-block engines larger than 450 cubic inches are not permitted.* For events at Accord (N.Y.) Speedway, Afton (N.Y.) Motorsports Park, Outlaw (N.Y.) Speedway, Thunder Mountain (N.Y.) Speedway and Woodhull (N.Y.) Raceway, all Modifieds weigh 2,400 lbs. For events at Orange County (N.Y.) Fair Speedway, Big Diamond (Pa.) Speedway and Fonda (N.Y.) Speedway, cars equipped with engines up to 363 cubic inches (max. tolerance 370) weigh 2,400 lbs. Cars equipped with engines larger than 363 cubic inches weigh 2,500 lbs.

EVENT INFO: All general/event information will be posted at least one month prior to each event on www.shorttracksuperseries.com. This information sheet will include pricing, times, etc.

FINES: Any and all money received from drivers via fines will be added to the 2019 Short Track Super Series point fund.

FUEL: Gasoline or methanol is permitted on the Short Track Super Series. Please note Sunoco is the official fuel of the series and ***is required*** to be eligible for the \$10,000 and \$25,000 bonuses posted for the series and American Racer Cup by Insinger Performance.

GENERAL RULES & SAFETY: General and safety rules for the Short Track Super Series mirror those widely accepted in Northeast Modified racing. For specific details, consult the rule books of our participating facilities.

HEAT-RACE ASSIGNMENTS: Drivers are permitted to switch a heat race only in extreme circumstances (incident in hot laps, etc.) with express permission from the Short Track Super Series race director. Should a driver miss their assigned heat race, they will be automatically tagged onto the tail of a consolation.

LAPPED CARS: In the event of a caution flag at a Short Track Super Series event, lapped cars – in the order they are running – will drop to the rear of the field for the restart (heats, consolations and main events). In feature events only, the first driver one lap down will be waved around to the tail end of the lead lap. The driver causing the caution will not be eligible for the wave-around.

LINEUP CHANGES: In the event of a car “scratching” from a Short Track Super Series heat race, consolation or main event starting field, the cars behind said driver will “crisscross” to their new assigned position. The entire row *will not* move up.

LOCKER REARS: The use of locker rear-ends is prohibited. Solid spool rears only.

ONE-WAY RADIOS: One-way radios/scanners are mandatory at all Short Track Super Series events. The one-way radio frequency is 454.000.

MEMBERSHIP/ENTRY FEE: A full-season Short Track Super Series North Region entry is available for \$135 and covers car registration for all nine North Region events (a savings of \$45). At each event, the race-day registration is \$20 or \$15 in advance. All entry forms for the 2019 season will be posted at www.shorttracksuperseries.com. Drivers failing to enter/draw prior to the drivers’ meeting at each event are subject to starting last in their heat race.

PAYOUT: Race payouts will be available following the conclusion of racing at all Short Track Super Series events. The location of payout will be noted at each pre-race drivers’ meeting. *To avoid additional work for track and series employees, we do ask that you pick up your payout on race night!*

POINT FUND: The top-12 drivers at year-end in the North Region will share in a point fund. The champion is guaranteed \$12,500 and 12th-place \$1,000. Drivers making all series events unable to finish inside the top-12 will receive \$250.

POINT FUND DISTRIBUTION: The 2019 Short Track Super Series North Region point fund will be available at the series Awards Banquet (date and location TBA). Attendance at the banquet by car owner or driver is mandatory to receive awards.

PROVISIONALS: The two (2) drivers highest in Short Track Super Series North Region points unable to qualify will be eligible for provisional starting berths beginning at the season's second event. Provisional starters will receive one-half green money. If an event pays \$400 to start, provisional starters would receive \$200 green money and increase their earnings from that point by moving up through the field. If an eligible driver declines a provisional, it will be offered to the next-highest driver in the standings unable to qualify. The host track reserves the right to add one (1) track regular. The addition of a track regular to the field is solely at the discretion of the host track operator. The host track operator is responsible for the cost of the added starter. *Note:* The top-two (2) drivers from the 2018 North Region point standings unable to qualify for the 2019 Orange County Fair Speedway 'Hard Clay Open' event will be eligible for "buy-in" provisional starting spots, but must relinquish green money.

PURSE STRUCTURES: The standard Short Track Super Series purse structure is listed below. All event purse structures are posted on www.shorttracksuperseries.com prior to each race date.

STSS North Region Purse Structure: 1) \$5,000; 2) \$3,000; 3) \$2,000; 4) \$1,500; 5) \$1,400; 6) \$1,150; 7) \$1,125; 8) \$1,100; 9) \$1,050; 10) \$1,000; 11) \$750; 12) \$650; 13) \$550; 14) \$450; 15) \$425; 16) \$415; 17-last) \$400. Provisional starters (-\$200).

ROUGH RIDING & OVERAGGRESSIVE DRIVING: Short Track Super Series officials will monitor all events for overaggressive driving and rough riding. Calls will be made at appropriate times.

QUALIFYING: At all Short Track Super Series North Region events, drivers will draw to determine heat-race starting positions. North Region events will utilize a straight-up draw/redraw method. Draws take place at the Short Track Super Series trailer in public view during the pre-race drivers' meeting. Drivers must register their cars prior to the start of the drivers' meeting for inclusion in the draw.

RACE DISTANCES: All heat races and consolations are a minimum of 8 laps in distance (many are 10 laps). Feature race lengths vary from 50 to 55 laps on the Short Track Super Series North Region. Events are all green-flag laps unless otherwise noted. In the event of caution laps being counted, no more than five will be recorded at a time and competitors will not lose a lap in the pits under yellow conditions.

RESTARTS: All restarts in heat races and consolations will be double-file on the Short Track Super Series. In main events, all restarts will be double-file until five (5) laps to go, at which time the field will restart single-file. Starter/race director/promoter reserves the right to revert to single-file restarts in the interests of time.

SCORING: The decisions of scorers at Short Track Super Series events are final. Race teams have 10 minutes following the completion of an event to question the order of finish. Teams should contact the host track pit steward or Short Track Super Series official with their comment/question. Finishes will be posted on each speedway lineup board shortly after the checkered waves at each event.

SINGLE-ENTRY POLICY: Drivers may only file one (1) entry at each Short Track Super Series event. Drivers are not permitted to enter two or more cars for the benefit of additional draw attempts.

SOCIAL MEDIA CONDUCT: Competitors on the Short Track Super Series are independent contractors compensated by the series via purse and point fund monies. Competitors are expected to uphold the integrity of this business relationship in all posts on social media. Any posts viewed as detrimental to the series, its officials, host facilities or marketing partners could result in a fine and/or suspension from competition on the series.

TIRES: American Racer is the exclusive tire of the Short Track Super Series. Approved compounds will be posted on www.shorttracksuperseries.com one month prior to each event. Any track or series stamp is legal. **No specialty tires or block-tread tires permitted.**

TRACTION CONTROL: The use of traction control devices is strictly prohibited. Vehicles suspect of traction control use by technical officials are subject to impound and inspection by the Short Track Super Series.

TRANSPONDERS: Transponders are required at *all* Short Track Super Series North Region events.

TWO-WAY COMMUNICATION: Two-way communication between driver and crew is strictly prohibited at all Short Track Super Series events. Use of two-way communication will result in disqualification from the event and loss of accrued points and monies.

ALL RULES ARE SUBJECT TO CHANGE AT ANY TIME BY MANAGEMENT OF THE SHORT TRACK SUPER SERIES TO ENSURE COMPETITIVE BALANCE. ALL OFFICIALS' DECISIONS ARE FINAL!

100-Point Distribution (First Eight Events):

1. 100
2. 95
3. 90
4. 85
5. 80
